

JUN HUANG

ABOUT

I am a NYC-based full-stack developer with 5 years of experience in designing visually stunning and intuitive web applications. I enjoy collaborating in small teams to create practical business solutions.

EDUCATION

Macaulay Honors at Baruch College - Bachelor of Business Administration

- Major: Computer Information Systems | Minor: NYC Studies with honors
- August 2017 - May 2021 | GPA 3.791/4.0

WORK EXPERIENCE

LEAD FRONT-END DEVELOPER

SavingTakeouts - New York, NY | May 2020 - Present

- Co-founded a non-profit to provide free web development and marketing services to underprivileged businesses during the COVID-19 pandemic: savingsakeouts.org/
- Direct a team of 4 developers to develop custom WordPress themes to transform and build websites for small businesses
- Coordinate daily scrums to set daily deadlines, update the sprint backlog, and address potential blockers
- Operate as a liaison for various clients to analyze and translate clients needs into technical specifications
- Integrate HubSpot CRM into our company website to generate KPIs (unique visitors, page views, and conversion rate)

WEB DEVELOPER

Baruch College - Kips Bay, NY | April 2018 - March 2020

- Collaborated with 4 developers to create web apps that automated file transfers, asset reporting, ticket reporting, and tech support queueing
- Redesigned the client, staff, and admin interface for Baruch tech support's queue management system that serves 250+ users weekly (using HTML, SCSS, Bootstrap, and React.js)
- Developed a video streaming software using Python-Django that manages and streams promotional videos across multiple Baruch TVs
- Utilized Apache and PHP to develop a web portal that customized and dispatched desktop backgrounds to 700+ Baruch library computers

DESKTOP MANAGEMENT ASSISTANT

Baruch College - Kips Bay, NY | September 2017 - April 2018

- Resolved 20+ support tickets weekly for Baruch faculty regarding hardware/network failures and software configuration
- Managed asset tracking forms for 100+ computers, printers, laptops, and other office hardware

LEADERSHIP & ACTIVITIES

PROJECT MANAGER

Ascend 2020 website | June 2020 - August 2020

- Recruited and led a team of 10 UI/UX designers, developers, and graphic designers to revamp Ascend's 2020 website: ascendbaruch.org
- Trained team members on Figma prototyping, HTML/CSS development, and WordPress development

VP OF TECHNOLOGY

Ascend - Baruch Chapter | June 2019 - June 2020

- Spearheaded an 8-week web development (HTML/CSS) workshop and a 10-week Python workshop to introduce students to the world of programming
- Streamlined the executive board's internal workflow and communication through integrating software like Trello, Slack, and G-Suite

ACHIEVEMENTS

- Member of Phi Eta Sigma National Honors Society | March 2018 - Present
- Dean's List | December 2017 - Present
- University Scholar (4-year tuition to Macaulay Honors College) | September 2017 - Present
- New York City Council Merit Scholarship | September 2017 - Present
- Santander Universities Entrepreneurship Scholarship | August 2020
- 5th Annual CUNY Hackathon (Team reFashion) - Top 10 | October 2019
